APPEAL!

Radio Station Extends Facilities For Servicemen

Armed Forces Radio station, whose postoffice address is Navy 926, F. P. O., San Francisco, now extends its facilities to the family of any serviceman in the Pacific area who may want to send greetings to their men in uniform.

This announcement was made in a letter received this week by the Harvey Viele family, of 132 Los Olivos avenue, Daly City, who had requested that a Valentine Day's greeting be broadcast to their son and brother, Sgt. Richard Viele, who was at that time in combat service with the army in the Marianas.

In replying to the Viele family's request, the staff of the Armed Forces Radio station wrote:

"Please let this acknowledge receipt of your request for a Valentine's Day greeting to your serviceman here in the Marianas. We're sorry to tell you that your greeting arrived too late to be included in the special program. By the way, that program got such a large response we had to broadcast for two and a half days to get in all the requests that arrived on time.

"We know what it means to have a serviceman remembered by his friends and family back home—so we're going to continue to serve you and your guy as best we can. When his birthday anniversary or any other special occasion comes around, we'll be glad to dedicate a song to him, with a message from you.

"But there are two things you'll have to do. One is—send your request by V Mail. Second, send it AT LEAST three weeks before the date you want the request played.

"Incidentally you might let your fellow townspeople know through your local newspaper and by other means, that the Armed Forces Radio station out here extends its facilities to you folks back home.

"Maybe there are some others in your vicinity who would like to remember their loved ones.

"Yours for the day when you can tell your serviceman what you want to say IN PERSON.

"The Staff of the Armed Forces Radio station."

Firemen Forced To Use Masks In Bad Blaze

Fire, which originated in the basement of the Sidney H. Raine home, 171 Woodrow street at 7:30 p. m. Friday, April 13, for a time threatened destruction of both the Raine home and the residence of Joseph S. Proctor next door.

Members of Companies one and two, Daly City Fire department, who responded to the alarm, were forced to use masks in order to combat the fire, which spread through the wall separating the two homes, and poured smoke and flames several feet into the air.

The firemen were handicapped by being forced to break into the Raine home, the family being out at the time. After a half hour's strenuous work the fire was brought under control, with only nominal damage to the two buildings. Cause of the fire was undetermined.

CITY COUNCIL BY VOTE OF 3 TO 2 PROLONGS THE REARDON MATTER

Colma Plans For Bond Drive

Mrs. M. Pauline Brown, war finance chairman for Colma district, announces that plans have begun for the seventh war loan drive. Walter Lehigh, war finance chairman for Daly City, has agreed that the boundary between Daly City and Colma for the house to house canvass will be along School street across Mission to Price from Railroad avenue, and then to Hillside boulevard.

John Ferrari has agreed to be seventh war loan chairman, and Mrs. Mattrop Jensen will be war loan chairman for Colma incorporated. Mrs. Brown announced recently.

While the Seventh War Loan drive does not start until May 14 and ends June 30, all war bond purchases made between April 9 and July 7 will be counted.

The general committee for Colma will be announced later.

Bankamerica Is Sold

Effective April 16, 1945 the security business of Bankamerica company will be sold to First California company. All offices and the service facilities formerly maintained by Bankamerica company will be continued by First California company and substantially all of the present personnel will be associated with it.

Bankamerica company will for the present continue its corporate existence for the purpose of managing its portfolio of investment securities. Its name will be changed to Pacific Affiliate, Inc., in order to eliminate any confusion due to similarity between the names Bankamerica company and Bank of America N. T. and S. A., between which organizations no corporate connection exists or has existed for several years past.

DON'T MISS THIS ONE -- IT'S TOPS!

Daly City firemen are putting the finishing touches to ticket sales for their annual ball for the benefit of the Widows' and Orphans' association of the department. Plans for the affair call for the handling of a crowd of at least one thousand, as this is one of the big social events each year in this community.

Literally "fired" with enthusiasm, members of the local department have even issued instructions to those who wish to attend but do not have automobile transportation. All that is necessary, if you have neither auto or gas, or both, is to take the No. 40 street car, get off at the Owl Garage and walk two easy, well-lighted blocks to Lovchen Gardens, site of the evening's doings.

Once at Lovchen Gardens the rest is easy. Just have a good time to Ozzie's music on one of the finest dance floors in the west with the knowledge that proceeds for the evening go to a worthy cause, the Widows' and Orphans' association fund of the Daly City Fire department.

What! No tickets yet? Well, just let any fireman know and he'll be "Johnny on the spot" with the ducats; good for Saturday night, May 5.

Sparked by "fireworks" on the part of some members of the city council as well as the audience, Monday night's special meeting to decide whether or not to abide by the Superior Court's judgment in the matter of reinstating ousted Chief of Police James G. Reardon, or to take the matter to a higher court, was decided in favor of an appeal.

The decision was made over the protest of Mayor A. J. Gaggero, who stated that he did not think the city could win an appeal on the case, and the vote of Councilman Eugene V. Lynch who also opposed an appeal.

To open the meeting a communication from City Attorney F. E. Hoffmann was read. In the communication Attorney Hoffmann stated that the writ of mandate issued by the Superior court required the city to reinstate Reardon and to pay his salary for the time he has been off duty; that the salary of a public officer was a part of the office and that an appeal would have to be made on the entire matter, if at all, and not on any one part or point involved.

He further stated that in his opinion an appeal would result in a reversal of the Superior court decision, and that as city attorney he would recommend an appeal, but that of course the decision in the matter of an appeal was up to the city council.

Councilman Dennis made a motion that the case be appealed and Councilman McHugh seconded the motion. However, before the vote of the council was taken, some public discussion was allowed by Mayor Gaggero.

Robert Duffy, clerk in Judge McNutt's court, stated at the outset that he would like to address the council with a few remarks which were his personal views only and not to be construed as any part of the court's decision. He said:

"Here are several points against an appeal of Judge Schottky's judgment ordering and decreeing that James G. Reardon, Chief of Police of Daly City was illegally discharged from office by a 3 to 2 vote of the Daly City council.

"The decision reached by Judge Schottky was made after exhausting the full time which had been taken up and his decision was made wholly and entirely as a matter of law without any personal interest in the matter. After the findings of fact and conclusion of law were signed, the case was reopened for further testimony on the chief's earnings, after which final findings were signed and judgment rendered accordingly and the court ordered

Traffic Commission Releases Statement

The San Mateo County Traffic Safety commission released the following statement last week regarding brakes:

Mr. Motorist — You're only a foot from trouble—so check your brakes! Will they meet the requirements of the nationwide brake check drive that is being launched this week to continue until June 1?

The National Safety council says that more accidents are caused by defective brakes than by any other car defect. So, it is wise to drive at a controllable speed—that way, sudden stops will not wear down the brake linings. Also, check those brakes regularly. Easy on the brakes means easy on you -- and the car!

MAYOR ASKS FOR FLAG DISPLAY

Mayor A. J. Gaggero and the City Council of the City of Daly City request that the United States flag be displayed during the peace conference starting April 25.

DALY CITY BOY WINS CONTEST

Stanley A. Parmisano, 18 year old son of Mr. and Mrs. Anthony Parmisano, 101 Evergreen avenue, Daly City, won championship honors in the college and university division of the Northern California section of the James Monroe oratorical contest Friday night. Young Parmisano, who is a junior at St. Mary's college, topped first honors in a field of five college men and women, and received \$500 in war bonds for his efforts, as well as the right to compete in the Western semi-finals against winners from Los Angeles and Seattle, the winner to enter the national finals in New York City.

Young Parmisano was coached by Professor Louis LeFevre, head of the department of history at St. Mary's college, who received a \$100 war bond for his work in tutoring the champion. A graduate of St. James High school in San Francisco, before entering St. Mary's, Parmisano is preparing for a career in law and politics.

The James Monroe oratorical contest is a nation-wide affair of long standing, sponsored by the Hearst newspapers, with the San Francisco Call-Bulletin sponsoring the Northern California division contest.

Kleo Apostolides, 14 year old Roosevelt Junior High school student staged a major upset in the high school division. She entered the high school section "merely for the added experience," she said, but her effort was so masterful the judges unanimously selected her over the six high school students competing against her.

Judges of the contest were Chief Justice Phil S. Gibson of the state supreme court; U. S. District Judge Louis E. Goodman and Associate Justice C. J. Goodell of the state district court of appeals. General Manager James Musatti of the California State Chamber of Commerce acted as moderator.

Wednesday night at the University of San Francisco auditorium, young Parmisano went on to further honors. He defeated two opponents from Seattle and Los Angeles to win the Pacific Coast finals, and earn the right to compete in the National Finals at New York, April 25. There he will compete against the outstanding collegiate orators from the east and mid-west.

Parmisano, Mary Haugum of Seattle who won the high school division semi-finals and chaparrons, left Thursday for New York. Miss Haugum nosed out Kleo Apostolides, sensational 14 year old Roosevelt Junior High school student of San Francisco by a narrow margin of four points in winning the high school semi-finals.

Hillcrest Circle No. 143, U. A. O. D., will hold their term whist Monday night, April 23, 8:30 o'clock in Masonic temple. Arch Druidess Mrs. Mae Baker will be in charge.

A short business meeting will precede the whist, at which time officers will be elected for the coming term.

Marines Win Game At Park

With Tom Conn, big right hander, hurling masterful ball all the way, the baseball team representing the U. S. Marines Supply Depot won its opening game of the 12th Naval District's National League at Marchbanks park Wednesday afternoon, turning back the Naval Supply Depot nine of Oakland 9 to 1.

Cain permitted only seven hits, and sturck out 15 Navy batters, issuing only one base on balls. His walk resulted in the losers' only run. J. Jackson, Navy second baseman, who secured it with one out in the fourth inning, stole second and scored on Roger's single to right.

The Marine nine scored one run in the second when Stark singled and Goodale was safe on an error. The two runners successfully negotiated a double steal, with two bases on balls forcing Stark across the plate.

The Marines, managed by Sgt. Don McShane, former Cleveland American League scout and minor league manager, will play their home games at Marchbanks park during the league season. They have been working out at the local diamond for the past several weeks.

The team travels next Wednesday, McShane announced yesterday, and a complete schedule of remaining games at Marchbanks park will be announced by the Record soon.

No Special Program For Grammar Schools During Schools Week

According to Superintendent R. L. Crane jr. of the Jefferson Elementary School district, there will be no special program planned for Public Schools Week beginning Friday, April 20.

Due to war conditions and other problems which have been taking up a lot of the teachers' time, there will be no public demonstration.

The parents and the public are invited to come and visit the class rooms and meet the teachers, and also see what is being done by the students of the different schools.

New Baby

Mrs. Patricia Schultz, wife of Fireman 1-c Richard W. Schultz, presented her husband with a son, Sunday, April 8 at Mary's Help hospital.

Schultz attended Vista Grande school, Woodrow Wilson and Jefferson Union High school from which he was graduated in 1936. He is also a graduate of the San Mateo Junior college and from there he went into the employment of the Bethlehem Steel company in San Francisco, and worked there until he enlisted in the Navy.

Schultz is now stationed in Rhode Island where he is attending Motor Torpedo Boat school.

Missing In Action

Listed as missing in action by the Merchant Marines in a recent casualty list was Ordinary Seaman Allen Joseph Rounds, son of Mrs. Edith B. Gensley of 527 Crocker avenue and grandson of Mr. and Mrs. Lloyd Jones, 745 Bellevue avenue.

Double Header Will Feature Sunday Baseball

Daly City baseball fans will have another double header on tap at Marchbanks park Sunday, Sherry Bees and Papenhausen Hardware Juniors crossing bats in the first game starting at noon, with Western Pipe and Steel and Young Christian Workers battling at 2:30 in a regularly scheduled "Big Rec" league game.

Local fans will have one of the "Big Rec" games at Marchbanks park each Sunday from now on, Al Erle announced this week. The league organized for the Golden Gate Park diamond drew too many entries to be handled there—so one of them is being moved to the local diamond each Sunday to be played either at 2:30 p. m. or if there are already two games scheduled here, at 10 a. m.

Western Pipe and Steel recently defeated the Grosso Music company in the playoffs for the championship of the Class AA Winter league while Young Christian Workers also won the championship of their division.

Although these teams have only been organized for a year or two, both have gained a reputation of being among the fastest clubs in San Francisco semi-pro competition.

The noon game should also be a well-played one. Papenhausen Juniors won the Class B title in the San Francisco Recreation department winter league and claim to have one of the fastest young teams in the city. Sherry Bees also have a classy reputation, and will give the Hardware lads a run for their money, in the opinion of fans who have seen them in action.

CASUALTIES

Recent casualties as announced by the Army department include Pfc. Philip S. Bernardi, 333 Peoria street, Pvt. Albert M. Rosenberg, 1263 Brunswick street, 2nd Lt. Dan A. NEWS OF OUR MEN and WOMEN IN UNIFORM

With the 321st B-25 Group of the 12th AAF in the Mediterranean Theater—When the 321st B-25 Mitchell Bomb Group of the 12th Air Force recently announced the completion of two full years of combat operations, one of the men assigned to the group who helped observe the anniver-

sary was 1st Lt. John F. Freund, who is serving as a navigator. His parents, Mr. and Mrs. V. F. Freund, live at 199 Alexander avenue, Daly City.

Lieutenant Freund's group has flown combat duty in the Tunisian, Sicilian, Italian and Southern France campaigns and holds

FRANKLIN DELANO ROOSEVELT

Life goes on.

The passing of any man, however humble or great, from earth's scenes does not break the flow of Life, for Life is something more than the existence of one man or even the collective existence of all human beings.

So, with Franklin Delano Roosevelt. His death, coming as it did in this crucial day of history, at the eleventh hour of victory in Europe, stunned the world. Men found it hard to believe that this man who had lived through more than 12 gruelling years as President of the United States had succumbed.

The world is saddened. America mourns. Men eulogize his achievements. But Life goes on.

How great a man Mr. Roosevelt was, history will determine. That he was a man of courage and vision no one can deny. A man of lesser fortitude could never have surmounted his physical handicap and rose to the highest post in the land.

When he first began to campaign for the Presidency in 1932, spectators at the political rallies murmured wonderingly about this man who had to be wheeled onto the platform or had to be assisted in walking. But his warm personality and his ability to inspire his listeners soon wiped out the concept of him as a cripple.

To his everlasting credit it must be said that he saw the rising danger of fascism long before many of his countrymen, and he recognized that the safety of this nation was definitely linked to the survival of Britain.

Men often differed with Franklin Roosevelt. They often disagreed with his methods. But in bidding him goodbye they pay tribute to his courage, his vision and his humanitarianism. He will be deeply missed.

PRESIDENT TRUMAN

After more than twelve years of saying "President Roosevelt" it will not be an easy task to change it to "President Truman."

Harry S. Truman, born on a Missouri farm 60 years ago, has been thrust into world history from comparative obscurity of the Vice Presidency. His career has not been outstanding. Before his election to the Senate, he devoted his time to farming, a business venture, and to a job as county judge.

As head of the Senate investigating committee of war activities, he made a good name for himself. The committee's reports were enlightening. They were straightforward in placing the blame where deserved or giving credit where it was due. These investigations gave Harry Truman an inside knowledge of the war effort which he could not have otherwise obtained. It should help him greatly in his new duties.

Mr. Truman is an unassuming man. He recognizes his own limitations. He has made it clear that he plans no radical changes in policy or in the Administration. His principal aim will be to keep the Nation on an even keel during the months ahead, in seeing the war to a successful conclusion and in laying the foundation for a lasting peace.

Few men in all history have been faced with a greater responsibility than now confronts him. He cannot handle it alone. He will need our cooperation, our support and our prayers. These we must give him.

PUBLIC SCHOOLS WEEK

Public Schools Week—April 23-27—will afford a special opportunity for all citizens to gain a better understanding and appreciation of the work which the American public schools are doing.

America's future is being formed in the classrooms where our youngsters are being trained in the practical ideals of freedom, of self-government, and of respect for the rights of others.

How well they are trained will determine to a large extent how well the Nation will meet the problems of the future. Active and alert interest on the part of the public in general, as well as that of parents, will contribute much to obtaining and maintaining the highest type of training for the citizens of tomorrow.

At present our youngsters need us. In a few years we will need them. Let us give them and the teachers who labor so patiently to increase their store of knowledge our sincere interest.

America is America because of its ideals in education. Let us preserve them.

News From Jeff District Schools

AT WOODROW

How forests, one of our renewable resources, are of such value to mankind has been an interesting study to the pupils of Room 4. Particular emphasis has been placed on the Redwoods of California and the softwood lumbering industries of the Pacific Northwest.

Room 8 is studying the background of the Revolutionary War. Last week a film entitled "The First Americans" was enjoyed by all.

The boys and girls in the sixth grade are studying the crops grown in Greece. They learned how olives, grapes, figs and almonds are grown and what type of climate and soil is needed for their growth.

The pupils of the fifth grade enjoyed two movies pertaining to their social studies unit. Especially interesting and educational was one called "Kentucky Pioneers." In this the pupils saw just how a log cabin of pioneer days was built. The students were surprised to see how very many things were done by hand with crude implements.

The high fourth is studying the customs, kinds of homes and varied climate of our "Good Neighbor," Brazil.

Room 15 had a very interesting film on "Flax to Linen." The film was very educational in that it showed the raising of flax and the many processes it went through until the finished product, linen, was made.

AT JEFFERSON

The Current Events School paper provided an unusually interesting topic for the eighth grade weekly class discussion. The topic was "The United Nations' Peace Conference" to be held in San Francisco, April 25. Among the important points brought to the students' attention was the high standing of the United States delegates appointed by President Roosevelt and the notable qualifications of Secretary Stettinius for chairmanship of that delegation.

Another matter of great interest to the eighth graders was the reading and discussion of some informative material sent to the school by the War Relocation authority. This information covered the evacuation and relocation of persons of Japanese ancestry and the program of education.

Plated Bearings
Tons of silver are used weekly as plating on airplane motor bearings. By using potassium cyanide the rate of plating has been trebled. Before the war virtually all the potassium cyanide used in the U. S. came from Germany. However, potassium salts are now being recrystallized from the vast Searles lake salt deposits in the California desert country. Some authorities say air speeds would be reduced 75 miles per hour and loads cut substantially if silverplated bearings were not available.

tion carried on in our relocation centers during the past three years.

In connection with their unit, "Flowers," the second and third grades have learned to identify many domestic flowers. The children have drawn many gay and colorful pictures for class-room decoration. They have also learned to recognize various parts of flowers: the petals, stem, pistil, stamen, pollen, leaves and roots. They get keen pleasure in identifying the various parts of new flowers brought into the class-room.

AT CROCKER

Last week the pupils of Room 2 were shown a moving picture called "Flax to Linen." The pupils showed great interest in this film, since, in their study of the American colonies, they had learned about the first attempts to grow the flax plant in New Hampshire.

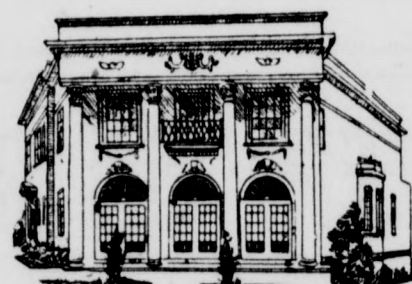

Interesting lantern slides dealing with the resources of the Philippine Islands were shown to the pupils of Room 6 during a recent social science lesson.

PRODUCE

at Safeway features top-quality flavor ... for Safeway experts select choice fruits and vegetables right in the fields ... send them to you packed with goodness. Try Safeway produce and taste the difference yourself ... your money will be refunded if you are not pleased.

Do you know this about Produce?

When you serve fresh vegetables, properly prepared, you are providing your family with required vitamins ... using foods in plentiful supply, and best of all, offering them delicious, delicate flavor obtainable in no other way. Here are some tips on vegetable cookery that will pay you dividends in ease of preparation as well as flavor.

For strong-flavored vegetables, such as onions, cauliflower, etc., use sufficient boiling salted water to cover the vegetable; cook uncovered, drain, and discard cooking water, for it contains disagreeable sulphur compounds.

For spinach, Swiss chard, and other leafy greens, lift washed leaves into a large saucepan containing 1 to 2 cups rapidly boiling salted water, and cook rapidly, uncovered, turning greens once or twice with fork and spoon. Cook until barely tender. Drain and discard water, for it contains objectionable compounds of oxalic acid. Season to taste with butter or margarine, salt and pepper, and serve garnished with lemon wedges.

For red cabbage and beets, cook in small amount of boiling water to which 1/2 teaspoon vinegar or lemon juice for each cup shredded vegetable has been added, in order to retain bright red color.

Panning vegetables: This method of cooking vegetables in a covered pan with a minimum amount of water—just enough to produce steam—is excellent for nearly all green and succulent vegetables. Shred, dice, or cut vegetable fine. Into a shallow pan with tight-fitting cover put 1/4 to 1/2 cup water, add 1 to 2 tablespoons butter, margarine, oil, or bacon or ham fryings, and heat to boiling. Add the freshly shredded vegetable, (3 to 6 cups), salt lightly, cover tightly, and cook until barely tender, but still slightly crisp—5 to 20 minutes will be ample for most vegetables. Amount of water and shortening and time of cooking will depend upon the kind and amount of vegetable, and on the type of utensil. Less water will be needed when a heavy saucepan is used, as in so-called "waterless cooking". Water should be practically all cooked away when vegetable is done.

Ascorbic Acid

To retain the greatest amount of ascorbic acid in fresh vegetables, these general cooking rules should be followed: Bake or steam the food rather than boil it if possible, because vitamin C, or ascorbic acid, is water soluble and may pass from the food into the water. If boiling is necessary, use only a small amount of cooking water, and cook until the food is just tender, then serve as quickly as possible. By following these rules, the greatest percentage possible of vitamin C will be retained. When cooked properly, spinach, broccoli and brussels sprouts contribute ascorbic acid to your daily diet, as also do cabbage, cauliflower and squash.

Brake Test Program Is Now In Full Swing

Members of the California Highway patrol and all other peace officers engaged in traffic law enforcement in San Mateo county are participating in a nationwide program designed to focus interest on the necessity of keeping brakes in good condition.

The program, which started last Sunday and will run until June 1, is sponsored by the International Association of Chiefs of Police, the National Safety council and other organizations. The sheriff's office and all chiefs of police of San Mateo county are cooperating.

Motorists stopped by the officers for any reason will be asked to submit to a simple test, taking less than 60 seconds, to determine whether their brakes are in good working order. Only in extreme cases will arrest citations be issued as the program is educational in character.

The test will be made by placing a small precision-engineered wooden block under the brake pedal. If the brake, when depressed, touches the block it is regarded as engineering proof that repairs or adjustments are needed.

CARGO HANDLERS DO VITAL WORK IN AVIATION

New jobs for men created by increased air freight, express and mail

With the tempo of the war in the Pacific increasing daily, United Air Lines is flying the greatest volume of air cargo in its history.

In this vital war work, cargo handlers at the San Francisco Airport are doing a tremendous job of keeping this war material moving to all parts of the nation and war zones, the airline reports.

However, with the air transport job increasing as the war is stepped up, more cargo handlers are needed today at the airport.

Special attention will be given honorably discharged war veterans. Already many veterans have taken jobs at United and are establishing themselves in these jobs which offer a postwar future.

Cargo handlers find working conditions at United Air Lines pleasant, and co-workers are friendly and helpful to new employees. Transportation to the San Francisco Airport is convenient—buses stop at the gate of United Air Lines. And the airline has a new and modern cafeteria for its employees. Employee benefits include vacations with pay, insurance, periodic wage review, and a retirement plan.

To help out in this vital war cargo work, men are urgently needed today. Apply at United Air Lines, San Francisco Airport, Bayshore Blvd., at San Bruno Ave., or 421 Powell St., San Francisco.

Elect Police Chief To Probation Board

Police Chief Robert E. O'Brien of San Mateo last week was appointed a member of the San Mateo County Probation committee by Juvenile Court Judge A. R. Cotton. Chief O'Brien will fill the unexpired term of Judge Edward I. McAuliffe of Redwood City, who recently resigned.

Chief O'Brien has attended the FBI school in Washington, D. C., where he received advanced instruction on the up-to-date methods of handling delinquents. He has done a good job in juvenile delinquency work in San Mateo. His term will expire January 16, 1947.

Other members of the probation committee are Chairman Edward H. Cosgriff, Henry C. Hall, Mrs. Theresa Altieri, J. Ed. McClellan, Lowry S. Howard, and Mrs. Barbara W. Lundborg. McClellan, Howard and Mrs. Lundborg have been appointed by Judge Cotton within the past five months.

Hayward Team Take Longshoremen

Alvin Joseph Motors of Hayward took a 5 to 4 decision from the Longshoremen in the second game of Sunday's doubleheader at Marchbanks park, while the Armed Guard Gunners-of-Treasure Island outclassed Camp's Tavern in the first game 10 to 2.

The Longshoremen were handicapped by the loss of Ray Stagnaro, one half of their pitching corps. Last week Stagnaro signed to pitch for Merced Merchants of the California State league, and Sunday turned back the Modesto Reds 7 to 3.

Consequently "Lefty" Fieber, veteran southpaw was forced to go the entire nine innings for the Longshoremen, although definitely not in shape. And it wasn't the big southpaw's fault at all, the Maloney piloted crew dropped the decision. Fieber kept ten Joseph hits well scattered and a nd struck out five men, all of them at critical moments. He was handicapped by erratic support in the field, the Longshoremen fielders booting easy grounders, uncorking wild throws and permitting pop flies to drop safely on several occasions, mostly at the wrong moment.

The Longshoremen took a one run lead in the opening inning, but the Hayward nine promptly tied it up in the second. The Motor lads added two in the third, and one each in the fourth and fifth. Meanwhile the Longshoremen pushed two runs across the plate in the third, and added their final marker in the eighth.

In the opening game, Tex Howton and Bill Carlascio, Armed Guard hurlers, permitted the Campi batters only two hits, each pitcher giving up one. Meanwhile Armed Guard batters poled 14 hits, several for extra bases off "Mouse" De Santi, Campi hurler, pushing their runs across the plate in bunches. The losers scored their only runs in the last inning.

Postmen Make Appeal For Higher Wages

It has been 20 years since we received a raise in pay.

Our efforts failed in the Senate last year due to a technicality.

There has been introduced this year in Congress a bill known as H. R. 2071 which will provide a pay increase of approximately \$1 a day for postal employees.

This will replace a temporary bonus which expires June 30, 1945.

Postal salaries are paid from postal receipts.

Last year the Post Office department handled the largest volume in its history and was able to report a cash surplus of \$47,000,000.

Approximately 20 per cent of the trained personnel are in the armed forces, creating the most serious man-power shortage the department has ever known. So, every employee had to work harder and longer hours than ever before.

Write a letter to your Congressman now! Ask him to support the Postal Pay Increase bill — (H. R. 2071).

Please don't delay — every day counts, with your help we can win, without it we may lose.

YOUR LETTER-CARRIER.

Make Inspection Of Camp Site

A number of Girl Scout leaders from the Daly City and Colma area made a tour of inspection of the Day Camp site on Thursday, April 12, in order to familiarize themselves with the camp and also to formulate some ideas for improvements to be made before the girls can use the camp.

A regular camp day was observed with each unit performing a different task, such as clearing a space for a fire, fire-building, gathering coke or wood, cleanup, etc., and a very enjoyable day was reported by all attending.

"Pocket Stew" was the main meal, with each person bringing her own carrot, onion, potato, etc., and then cooking them on the spot. With this was served "Miners' Lettuce" which grows wild on the site, and dessert consisted of bread sticks with honey. Each leader made her own bread sticks over the live coals of the camp fire.

Those present at the inspection were Mrs. Muriele Pabst, Mrs. Cecelia Hale, Mrs. Lucille Lemon, Mrs. Hilda Heagney, Mrs. Mildred Ventura, Mrs. Louise Buttle, Mrs. Lois Copenhauer, Mrs. Ethel Proschald, Mrs. Ruth Rowley, Mrs. Helen Thornton, and Mrs. Elsie Hesselein, representing nearly every troop in the area.

It was decided at this time that no day camp period would be set for this summer and the camp will only be used for troop camping.

Dismiss Charges Against Belmont Police Officer

Terming the affair a "family brawl" and indicating he preferred to let a higher court settle the dispute, Police Judge John G. Smith of Belmont last week dismissed charges of disturbing the peace against Stanley H. Botto, Belmont police officer, his estranged wife, Mrs. Lillian Botto, and Mrs. Botto's brother, Ray Miller, Belmont city employee.

The higher court referred to is the Superior court, where both Botto and Mrs. Botto have filed suits for divorce. Charges of disturbing the peace were filed by a neighbor after an altercation at the Botto home, April 4.

Botto is widely known throughout the peninsula as a semi-pro ball player and is now manager of the San Mateo Blues.

Calumet Council Meet At Swedish Hall

Calumet Council No. 66, Degree of Pocahontas, held their regular meeting Tuesday, April 10, 8:30 p. m., at the Swedish American hall, 2174 Market street.

Tuesday, April 24, 8:30 p. m., the Calumet Council will hold a whist game at the Swedish American hall and the public is invited to attend. Refreshments will be served following the game.

At the regular meeting of Calumet Council No. 66, which was held March 27, two great chiefs were omitted in the list. They were Hazel Sherman, deputy great pocahontas and Karl Peters, great mishinawa.

Red Cross Drive Draws To A Close

Daly City has fallen down badly in the drive for contributions to the Red Cross, which is now drawing to a close, a report issued this week by Mrs. Catherine Foreman, chairman of the house-to-house collections, stated.

Mrs. Foreman's crew of 30 workers this week had collected \$1670.85, which added to the \$2,425.54 taken from the business houses of the city, amounts to only about half of the original quota of \$6880 set for this city.

However it is not too late yet to donate, Mrs. Foreman said. Contributions may be left with Muriel Mooney at the Daly City Water Department office in the city hall, and contributors will be given credit for their donations.

Mrs. Foreman thanked all those who had donated as well as the 30 members of her crew who were:

Marie Clifford, Katherine McKeown, Cora Ray, C. W. Roberts, Lita Curtiss, Hazel Marsh, Eunice Robinson, Violet Hauptli, Mary Crane, Marcie Trier, Emma Sorg, Martha Linden, Cecelia Hale, Margaret Lange, Elsie Hesselein, Clara Poket, Mildred Ventura, Muriel Mooney, Lila Brown, Ruth Morris, Vivian Pahlka, C. M. Caley, A. C. Sumner, Olga Bordson, Emily MonSanto, Agnes Wood, Leslie Hansen, Ethel Dorn, Kathleen Matzek, Marjorie Reandeau.

Mrs. M. Pauline Brown, chairman for the Red Cross War fund of Colma unincorporated, reports that contributions are still coming in and she hopes to make a final statement of receipts next week.

Mr. Bertini, chairman, wishes to thank all those who contributed and all who helped during the drive, especially the Daly City theatre.

The public is invited to attend and Violet Guinasso, chairman, with Lulu Porter, Bessie Heckmaier, Rose Vogel, Isabel Woodall, Charles J. Kloss and Jack Lewis as co-chairmen assure all who attend a pleasant evening.

Scouts Work At Camp Boy Joy

Eric Durkins of Troop No. 141, Ervin Atwood and Floyd Leonard of Cub Den No. 6, and three prospective candidates for the troop went out to Camp Boy Joy, Saturday, April 15 to do some work at the camp.

The boys worked unusually hard and accomplished a great deal. They improved the road leading into the camp and cleared away some fallen logs for the erection of a crafts building. They also excavated for another spring, making two springs that Camp Boy Joy will have.

The troop is anticipating being at the United Peace Conference in San Francisco, where they will act as guides and ushers.

Start Now to PUT UP and STORE AWAY HOME CANNED Fruits and Vegetables

Take a tip from Buddy Squirrel. He has already started scurrying about, preparing to stock-up his winter larder. And that is a right chipper and smart thing for all of us to do. Soon your Victory Gardens will be producing a surplus of fresh vegetables and berries. Soon fruits will be coming on the market...available in lug-box bargains. Then you can put up and store away plenty of food for a rainy day.

TAKE THESE FIRST THREE STEPS IN HOME CANNING NOW!

1. Set up a canning budget to meet your family's needs for the year ahead.
2. Make an inventory of your jars and closures. Check for chips and cracks.
3. Have your pressure cooker tested immediately. Avoid delay if repairs are needed. Testing pressure cookers before each canning season is strongly advised by the University of California Agricultural Extension Service.

SAVE POINTS — CUT FOOD COSTS

Call your local P. G. and E. office and arrange for a FREE Pressure Cooker Test.

Pull Plug

Pull the plug—not the cord—when you disconnect your iron or other electrical equipment. Coil the cord loosely when not in use. Do not kink, twist, or strain it. If the rubber or fabric covering wears off near the end of the cord, disconnect the worn end from the plug or cap, cut off the worn part, and reconnect. If the outer rubber or fabric covering becomes damaged in the center of the cord, repair by wrapping first with electricians' tape, then with friction tape. When the inside rubber covering of the two bundles of wire is damaged, wrap each bundle separately with electricians' tape. Then wrap the two bundles together with friction tape.

NEWS FROM JEFF HIGH SCHOOL

By Verna Moresco

Senior Activities

Date for the Senior ball, as announced by Chairmen Lois Rich and Ed Boyle, is set for June 1.

The Senior Ball committee has been meeting every Friday morning for the past month completing plans for the affair. No hints as to the theme will be divulged until the evening of the ball.

Friday afternoon, members of the graduating class were measured for caps and gowns.

Student speakers for graduation night are Dan Shannon, senior class president, and Don Welsh, student body president.

Honor student speakers are to be chosen from among the following: Barbara Blecher, Peggy Hanley, Jack Palm, and Eugene Somers. They will be chosen on the basis of past scholarship.

Indians of Rhythm

The Indians of Rhythm stepped into the limelight again Thursday, April 12, with another assembly program. New additions to the band were Eleanor Cunningham and Lois Kern, vocalists, who made their first appearance Thursday. Eleanor sang "Sentimental Journey" and Lois did the vocal on "Dream."

To start the program was a band number "Back Beat Boogie" with Barbara Gregor taking a 32-bar piano solo.

Other band numbers included "Flying Home," "Saturday

Night," and "I Don't Want to Love You."

Next Dance Scheduled Soon

Next student dance to be held at Jeff will be May 4, as announced by Entertainment Committee Chairman, Ed Boyle.

No plans for decorations have been disclosed as yet.

Yearbook Deadline

Friday, April 20 the members of the Yearbook staff will sit back with a sigh of relief to think that the yearbook is off to the press and all is going well—they hope.

The Tom-Tom, the name decided upon, will be ready some time in June. It is the first project of this type ever attempted at Jeff. Included in the annual will be pictures of school sports, activities, and students themselves.

Class pictures were taken Monday, April 12.

JNS Field Trip

Members of the Jefferson Naturalist society enjoyed a field trip to Moss Beach last Sunday. The purpose of the trip was to add to the marine animal collection of the club. The results of the trip will be displayed in the hall soon.

At the last meeting of the society Thursday, April 12, plans were discussed for the annual trip to San Mateo Memorial park

some time in May. The society will be accompanied by its sponsor, Miss Margaret Briggs, and Mr. John McCarthy.

Guest Speaker

The Jefferson student body had the privilege of listening to an address by Congressman Jack Anderson in an assembly held Wednesday, April 4.

The two main topics upon which he spoke concerned the good work the Navy is doing and the peace conference to be held in San Francisco, April 25.

On The Side

Too many "My mother was sick" excuses have been coming in lately so Charles Piccard, a member of the Totem Pole staff, wrote the following jingle:

"Get up," cries Mom, "Get up, my son
Or surely you'll be late,
'Cause you know well, the last bell rings
At fifteen after eight."

"OFF THE BLOTTER"

A. DeBenedetti of the Shell station, 7298 Mission street, reported to the police department that on Sunday evening, April 8, someone had cut the air hose and taken the gauge and on the following Tuesday night someone had cut the water hose and had taken the faucet.

While patrolling, Officers A. Benassini and E. Beecher noticed lights in the rear of Lucca's Market, 7368 Mission street. Upon further investigation everything seemed to be in order.

Mrs. Kramer, 168 Hillcrest drive, reported that someone has been entering her back yard and creating a disturbance.

On April 14, about 3 p. m., the burglar alarm was ringing at the Jefferson Union High school. Officer G. Hopman responded and found everything in order.

On April 16, Peter Pardini, 6736 Mission street, reported that his Dodge sedan had been stolen from in front of the above address.

Officer G. Hopman responded to a call from James Smith, caretaker of Marchbanks park, that someone had stolen several baseballs and had broken the lock on the door.

John Brush, 101 Los Banos avenue, was taken to the Alemany hospital by Officer G. Hopman after he had been hit by a car in front of Milo's market. He was later transferred to the Community hospital.

On April 17, Officer R. Petrocchi responded to a call from Our Lady of Perpetual Help school that Bernice Thomas, 1234 Riev-ere street, San Francisco, had turned her ankle and was unable to walk. The officer took her home in the police car.

Mrs. Otis Knight reported that her son had been bitten on the left leg by a dog at Oliver a d Mission streets. The boy was taken to the Alemany hospital and Mrs. Peterson, owner of the dog, was told to keep her dog tied up for 14 days.

R. L. Crane, superintendent of schools, reported that four windows in the Crocker school had been broken on the evening of April 16.

Jeff Indians Lose Another One

The first inning seems to be a jinx for Jefferson Union High School's baseball team. Tuesday, at the Jefferson diamond, the Indians permitted the undefeated South San Francisco nine to score four runs in the first inning; and although they settled down after that and really outplayed the NPAL leaders, South City had enough margin to take a 5 to 3 victory.

Brandi, South City's regular pitcher, playing second base Tuesday, led the batters of both teams with a three-bagger and two-bagger.

A game with Half Moon Bay originally scheduled for Friday of last week was postponed along with all P. A. L. athletic events, because of the death of President Roosevelt. It will be played Tuesday, May 1, at the Jefferson diamond.

Friday of this week, the Indians draw a bye in league competition and play a practice game with Commerce high of S a n Francisco on the Jefferson diamond. At this time, Daly City fans may get the opportunity of seeing "Satchel" Dials, Commerce's miniature edition of the great "Satchel" Paige in action.

Other games remaining on the Indians' 1945 schedule, all N. P. A. L. games are:

Tuesday, April 24—Burlingame at Jefferson.

Friday, May 27—San Mateo at San Mateo.

Friday, May 4—South San Francisco at South San Francisco.

"Our company deeply mourns with the entire Nation the passing of the President of our United States. In deepest reverence we are at our posts in order that we may be of all possible service in this sad hour in which we all are engulfed.

"Immediately following the flashing of the tragic news, telephone traffic, as would be expected, surged in crescendo waves for the first hour and then flowed to a more consistent volume which was most effectively handled by our well-organized equipment and efficient operating force. The sympathetic understanding and cooperation of the public was inspiring to our entire personnel and we gratefully acknowledge this splendid aid and assistance in the great grief-stricken emergency in which we all were suddenly plunged."

Peterson Favors Quick Action On Juvenile Home

Selection of a site for a new San Mateo County Juvenile home, which has been on the griddle for several months, popped from the frying pan into the fire last week, when County Executive Frederick Peterson changed his mind on the proposal he made a month ago, favoring an exchange of property, and stated he now favored immediate erection of a new \$100,000 home on the site of the present home on lower Broadway in Redwood City.

He said immediate erection of a new home is necessary and indicated that it was in order to avoid further delay, that he now favored use of the present site for the new home.

Last month the Probation committee recommended that the present site on lower Broadway be exchanged for an 8 1-2 acre site at the corner of Spring and Willow streets. At that time this recommendation met with the approval of Peterson and Juvenile Court Judge Cotton, who makes the final decision on the selection of a site for the home.

Originally the probation committee selected a site near the county relief home for the new home but abandoned that site when it was felt the home should be in Redwood City, near the county court house. A group of 85 business people of Redwood City then submitted a petition to the board of supervisors objecting to erection of the new home on the site of the old one, contending it would be detrimental to future growth of the lower Broadway business district.

To get a better idea on how to conduct a meeting and elect officers the girls plan to hold a regular meeting once a month.
